ABSTRACT

Results of a survey of salaries of full-time administrators at public, doctoral-granting institutions for 1985-1986 are presented. Rank order distributions of 12-month administrative salaries are provided for 156 state universities in 49 states and 33 university systems in 27 states. Salary data for 151 universities in 47 states are also arranged into the nine regions defined by the Equal Opportunity Commission. A separate table indicates salaries paid to officers of university systems which have a separate administrative structure for multiple general academic institutions, at least one of which has doctoral offerings. Specific positions are covered under the following administrative categories: president (chancellor), academic officers, business officers, student affairs officers, administrative officers, public/relations/development officers, research officers, and deans (directors). Newly reported positions are the Dean of Dentistry, Dean of Health Professions, Dean of Public Affairs, and the combined position of Graduate Dean and Vice President of Research Services. Salaries paid for positions with a dual function are identified. To provide anonymity, the universities are not identified with their salaries, but are listed separately. (SW)

A RANK-ORDER DISTRIBUTION OF TWELVE-MONTH ADMINISTRATIVE SALARIES

INTRODUCTION

This study is the nineteenth annual administrative salary survey conducted by the University of Arkansas. The universities invited to participate comprise a representative group of public, doctoral-granting institutions. To provide anonymity, the universities are not identified with their salaries. Also, when the number of respondents for a particular position was less then three, the data were omitted.

The salaries are distributed in rank order to facilitate comparisons of a participant's relative standing with other universities. A salary enclosed in parentheses identifies that salary as being paid for a position with a dual function. Salaries within parentheses are included in the position average. If two salaries were reported for one position, both salaries are included under that position title.

Several salaries in Table I are also coded with an asterisk. The asterisk indicates that the salary is from an institution which is a member of the National Association of State Universities and Land-Grant Colleges (NASULGC). A new feature of the survey this year is the addition in Table I of an average for only those salaries paid at institutions belonging to NASULGC. It is printed above the average for all salaries.

Salaries are reported only for full-time administrators. The study includes officers whose responsibilities and function range from the director of a single office to the university president. Reporting guidelines provided with the questionnaire have enabled the inclusion of these salary data, with few exceptions, exactly as reported by the responding institutions.

The University of Arkansas wishes to thank all respondents for participating. The primary purpose of this study has always been to provide comparable and comprehensive information in a timely manner that will be useful to participants, particularly in the preparation of annual budget requests.

A RANK-ORDER DISTRIBUTION OF TWELVE-MONTH ADMINISTRATIVE SALARIES

DESCRIPTION

TABLE I

The first section provides the ranking of salaries paid among all participating universities. Questionnaires were sent to one hundred sixty-nine universities in fifty states. From this group, replies were received from one hundred fifty-six institutions in forty-nine states.

Several salaries in this section have been printed with an asterisk. The asterisk indicates that the salary is from a university which is a member of the National Association of State Universities and Land-Grant Colleges (NASULGC). This year a feature has been added to Table I to calculate the average salary for only those institutions belonging to NASULGC. There are now two average salaries printed after each position's rank order of salaries.

TABLE II

The second section is a series of tables showing the salaries paid among the one hundred fifty-six participants arranged into the nine regions defined by the Equal Employment Opportunity Commission (the New York and Boston regions are combined). The responding universities in each region are enumerated at the beginning of the appropriate section.

TABLE III

The third section of the study is a table of salaries paid to university system officers. For purposes of this survey, a university system is defined as one which has a separate administrative structure for a system of multiple general academic institutions, at least one of which has offerings at the doctorate-granting level. Questionnaires were sent to thirty-five university systems in twenty-eight states, and replies were received from thirty-three university systems in twenty-seven states.
